To Whom It May Concern:

This letter is to serve as a recommendation for Mr. David Ruiz. Mr. Ruiz served as an immigration attorney for the project, La Moraleja Algete, located outside of Madrid, Spain. Mr. Ruiz's job was to assist and guide two important foreign workers through the complicated and time-consuming work permit process.

It was important these gentlemen obtained the necessary documentation as quickly as possible as the project depended on their services urgently. Mr. Ruiz utilized his knowledge of the system and his contacts within it to find a faster, yet completely legal, method of obtaining this paperwork. This experience saved us months from the normal work permit process, and we were able to continue the project on schedule.

Aside from his expertise, Mr. Ruiz worked with everyone closely to ensure the entire team understood the process, any associated risks and the time required for each step. Moreover, when we encountered difficulties, Mr. Ruiz went beyond the norm to find the problem and get it resolved as quickly as possible.

I was very impressed with Mr. Ruiz's professionalism and commitment to getting the job done as quickly as possible. He has made a tremendous difference in this project and I would highly recommend him for this type of work in the future. Should you have any questions regarding Mr. Ruiz, please do not hesitate to contact me.

Regards,

Chad Goetz
